Graduate Programme in Security Studies

MA level

Table of reference of learning outcomes

Symbol	Learning outcomes – after graduating from the studies a graduate:	Reference to learning outcomes in the area of social sciences/arts
	KNOWLEDGE	
K_W01	Has a profound and extended knowledge of security science, its place in the system of social sciences and its subject and methodological relationship with other disciplines.	S2A_W01
K_W02	Has a comprehensive and profound knowledge of research methods and techniques as well as tools used in the description of the field of security.	S2A_W06
K_W03	Has a profound knowledge of the various types of social ties, in particular of those categories of ties which are important for the safety of human being and social groups which he/she forms, and of the processes of changes of those ties.	S2A_W04 S2A_W08
K_W04	Has an extended knowledge of the human being as a subject constituting structures and security institutions.	S2A_W05
K_W05	Has a profound knowledge of the norms and rules prevailing in the structures and institutions established to maintain social and political order and safety.	S2A_W07
K_W06	Has a profound and extended knowledge of the various types of institutions and mechanisms (eg. psychological, legal) aimed at preventing and resolving conflicts and crises occurring in the modern state of different political regimes, in particular the democratic state, and of the processes of changes of those mechanisms and institutions.	S2A_W02 S2A_W03 S2A_W08
K_W07	Has a profound and extended knowledge of the	S2A_W02

	organization, functioning and tasks of the contemporary state's institutions, specialized in various security dimensions (military, political, economic, social, ecological, etc.).	
K_W08	Has a profound and extended knowledge of establishing and functioning of institutions and mechanisms aimed at counteracting threats to the functioning of the modern state and society, and of the processes of changes.	S2A_W02 S2A_W03 S2A_W08
K_W09	Has a profound knowledge in the field of protection of the rights and freedoms of man and citizen.	S2A_W05 S2A_W07
K_W10	Has a profound knowledge of the institutional arrangements in the international security system and international cooperation aimed at counteracting regional and global threats (f.ex. terrorism).	S2A_W02 S2A_W03
K_W11	Has a profound knowledge of the views on the structures, institutions, mechanisms and norms related to societal security and state security, both contemporary and from the perspective of their historical evolution.	S2A_W09
K_W12	Knows and understands the basic terms and rules in fields of protection of intellectual property and copyright law as well as the need for management of resources of intellectual property.	S2A_W10
K_W13	Knows the general principles of establishing and development of local activism forms, she/he uses knowledge of security science in that process.	S2A_W11
	SKILLS	
K_U01	Has the skill in carrying out an in-depth analysis and explanation of the relationship of various social and political phenomena.	S2A_U01
K_U02	Has the skill in understanding and analyzing (and a thorough evaluating) of various social phenomena, in	S2A_U03 S2A_U08

	particular related to safety and emergency situations and threats to individual, society and the state.	
K_U03	Can use in an advanced way theoretical knowledge (in particular methodological knowledge) to describe by himself/herself (including written essays) security issues in English. He/she can formulate simple hypotheses and verify them.	S2A_U02 S2A_U03 S2A_U04 S2A_U09
K_U04	Has the skill in formulating independent opinions, predictions and proposals for solutions (and their implementation) regarding phenomena, mechanisms and security institutions.	S2A_U02 S2A_U03 S2A_U04 S2A_U07
K_U05	Has an advanced skill in delivering public speeches in English on security science issues.	S2A_U10
K_U06	Has the skill in using acquired knowledge to an analytical work and in various social situations requiring solution of a specific problem. He/she has the skill in using various social sciences methods and techniques.	S2A_U05 S2A_U06
K_U07	Has foreign language skills in security science according to requirements for B2+ level of the European Common Framework of Reference for Languages.	S2A_U11
	SOCIAL COMPETENCES	
K_K01	Can identify and define a wide range of priorities aimed at the implementation of tasks in the field of prevention of threats to the state and social structures and maintaining law and order inside them.	S2A_K03
K_K02	Can work in specialized teams which are set up to counteract various types of threats. He/she can take on fundamental and self-appointed tasks.	S2A_K01
K_K03	Can manage a team, taking responsibility for its organization and effects of activity.	S2A_K02
K_K04	Can participate in preparation and coordination of	S2A_K05

	social projects related to security and he/she can predict social, political, legal and economic consequences of his/her activity.	
K_K05	Can work in security institutions at the local, national and international level, in government administrations, research centres focused on security and in the media.	S2A_K04
K_K06	Can improve, extend and broaden his/her knowledge and skills. In particular, he/she is ready to take the third-cycle studies.	S2A_K06
K_K07	Can think and act creatively using theoretical knowledge in a professional work.	S2A_K07
