

**EXAMINATION TOPICS FOR
THE UNDERGRADUATE PROGRAMME IN POLITICAL SCIENCE**

- The concept and understanding of politics
- Concepts of political power and authority
- Theories of state
- Political regime. Democratic and non-democratic examples
- The concept of civil society
- Political ideologies
- Political parties and party systems

The oral examination will be centred around three topics selected from the list above by the examination committee. Topics listed above should be treated as guiding themes of the discussion. In the preparation ahead of the examination, it is recommended to focus on overarching broad understanding of those topics.

The exam will last approximately 15-20 minutes.

The interview may be conducted using electronic means of communication which allow candidate's identity to be confirmed and ensure no use of external aids by the candidate during the time of examination.
